---

### Recommendation

That report CMS-EDC-2020-008 dated May 25, 2020 be received.

### Background and Analysis

The attached list of new businesses registered/established within the Town of Orangeville is developed as a result of input from a number of Town Departments, including the Small Business Enterprise Centre/Economic Development, Administration, Clerk's Office, Planning, and Building/By-law.

Staff endeavour to provide a comprehensive and inclusive listing. However, our ability to include all businesses starting in Orangeville will be effected by the following limitations:

- Business registrations are completed via the internet and the Town does not have access to these registrations unless performed within the Economic Development/SBEC Resource Centre.
- Sole proprietors operating under their own legal names only are not required to register their businesses.
- A large number of home-based proprietorships are established each year, many of them offering very specific services to targeted markets. As a result of the volume of these operations, and for the convenience of Council, staff will provide numbers of home-based operations started in town, based on the information available to staff, as opposed to providing in-depth information about them.

### **Financial Impact**

There is no financial impact coming out of this report.

Respectfully submitted  
Ray Osmond, General Manager  
Community Services

Prepared by  
Betty Ann Lusk, Administrative Assistant  
Economic Development & Culture

Attachment 1. New Business Information Report January 1 – April 30, 2020
