

Proclamation

May 4 to 10, 2025

National Hospice Palliative Care Week

Whereas, the first full week of May marks National Hospice Palliative Care Week in Canada; and

Whereas, Bethell Hospice is a local charitable organization whose mission is to provide compassionate, specialized care for quality living, dying and bereavement; and

Whereas, Bethell Hospice hosted its 15th Annual Hike for Hospice on May 4; and

Whereas, together we celebrate the incredible quality care that hospice palliative services provide to neighbours and families in our community. The theme for 2025 is “Palliative Care is for You”, and with personalized support tailored to your needs, Palliative Care illuminates the path forward based on what is important to you. Join us in recognizing the impact of palliative care on families and the call for better access to this care for all.

Now Therefore, I, Mayor Lisa Post, on behalf of Council, do hereby proclaim **May 4 to 10, 2025** as “**National Hospice Palliative Care Week**” in the Town of Orangeville.

Lisa Post
Mayor
